*“Oh my Lord!
Expand me my breast;
Ease my task for me;
And remove impediments;
From my speech;
So that they may understand;
What I say” - Al Quran*

We all are thankful to Almighty for giving us the strength and courage to bring out the Seventh issue of College Newsletter “*The Glimpses*”. This is really an achievement of the students and the staff of this budding institution that the publishing of the college Magazine “*The Images*” and the College Newsletter “*The Glimpses*” has become a regular feature. The present Newsletter highlights curricular and co-curricular activities organized during the session 2013-14.

The students friendly and student's centric approaches adopted by the college have started giving fruitful results. Whatever little progress has been made in the overall development of the college and its students is the result of the joint venture of the students, faculty, parents and civil society. The college has started making its appearance in the educational map of the state and the country. The pass percentage has increased and the dropout rate has decreased. One of our student got the 7th position in Arts Streams. But in the field of education the tangible results in terms of pass percentage and ranks are not the only achievements. What matters the most that how many students have been transformed into good human beings, capable and ever ready to serve the humanity without any prejudice. Service to humanity is service to God. Knowledge of Science, Technology, Religion, Social Sciences, contemporary worldly issues, etc. without purification of mind and soul has caused and is causing more miseries. Education becomes a liberating force only when imparted with Prophetic spirit and mission.

Dear Students! The college is a sacred place where knowledge is created, disseminated and youth is transformed into valueable human resource. Govt. Degree College, Mendhar is a blessing in this far flung remote area. If we fail to value this blessing by our deep sense of sincerity, devotion, hardwork and by upholding moral and ethical values our future generations shall suffer.

The identity of the college is its students. As are the students, so is the college. As is the college, so is the society. College being an institution of higher education stands for knowledge, for innovation, for universal brotherhood, for tolerance, for search of truth and for over all transformation of human society to achieve holy human goals.

You must have read a sign board on the road: “*Short Cuts Cut your Life Short*”. This is also true in the field of education. Never run after short cuts. Try to achieve excellence in the subjects you have chosen. Study the standard textbooks and reference books. Make the optimum use of all the resources available in the college. Develop your habit to sit in the Library. Be well acquainted with all

Convenor's Note

Frequent publishing of news letter must be a compulsory practice of every institution as this is one of the steps which is at the baseline of inclusive development. Nation as a whole cannot be seen from single Mughlian window, so called Jharoka Darshen, hence every part of body must respond at some or other common platform of development. Unfortunately, at least in our area this activity is more or less restricted only to a few institutions and that too concentrated more in Higher Education and Private Sector. News letter is an X-ray of all the good or bad of the vital organs of the institution thus paving a way for the outside experts to suggest either to continue with the surgery or discontinue. Thus one can easily think of alternatives required at a particular step.

This is the seventh issue of the College News Letter '*The Glimpses*' and it is for the third time that I am getting a chance of its compilation. In this aspect, I have always been encouraged all the time by the improvement of the activities performed by this budding institution and the improvement in the printing technology providing a better means of expression. In compilation I acknowledge the active participation of my team especially Dr. Mahroof Khan, HoD Botany. After having a glimpse at the comparative account of '*The Glimpses*' published so far I am optimist enough that the institution is moving ahead with a constant pace of improvement and time is not far away when it will set an example in future.

With these small ideas from a small brain and all the doors open for the healthy criticism I am handing over this newsletter in the hands of readers. Any mistake in this regard may please be forgiven and reported.

The Glimpses

NSS

★ **Communal Harmony:** NSS unit of the college observed harmony fortnight from 20th August to 3rd Sept., 2013 under the guidance of Prof. A.A. Choudhary. During this fortnight 20th August was observed as “Sadbhavana Diwas” by the volunteers and other students of the college. A Sadbhavana Pledge was administered to the students and volunteers to commemorate this day:- “I take this solemn pledge that I will work for the emotional oneness and harmony of all the people of India regardless of caste, region, religion or language. I further pledge that I shall resolve all differences among us through dialogue and constitutional means without resorting to violence”.

Activities related to theme of National Integration and Communal Harmony were organised during the fortnight.

At the end of this fortnight a general get-together was organised in which Principal Prof Shabir Hussain Shah appreciated the role of NSS Unit of the college in organising such a dynamic programme and advised for the same in coming session.

★ **Teacher's Day:** On 5th Sept., 2013 teachers day was celebrated under the banner of NSS Unit. The programme was presided over by Principal, Prof. Shabir Hussain Shah. Programme was attended by all the students and staff of the college. Students who spoke on the occasion includes Mr. Waseem-ul Haq, Ms. Samina Alam, Mr. Ramisha Ali, Mr. Rajat Sharma, Ms. Tehseen Fatima, Mr. Imran Khan, Mr. Mohammed Idrees, Ms. Rozia Sultana, Ms. Alyasa Khannum, Ms. Farha Qureshi, Mr. Ghulam Nabi, Ms. Saima Bhatti, Mr. Abid Nazeer, Mr. Murshad Aslam, Mr. Sheraz Maqbool and Mr. Waseem Ahmed.

Almost every speaker highlighted the role of teacher in this contemporary society where values are quickly fading away. Only teacher is a torch bearer and he/she can enlighten the dark mind because he/she is associated with prophetic profession. History is witness for this, how teachers brought reforms in different countries in different occasion with passion, zeal and zest.

This day also reminded us the contribution of a great thinker, philosopher, educationist and above all a teacher Sh. S. Radhakrishna.

Among the staff members who spoke on the occasion include Prof. Sarshad Hussain, Dr. Mohd Azam and Prof. Mohd Akram. In his key note address Principal, Prof. Shabir Hussain Shah, highlighted the basic traits of a good teacher and he discussed in detail how a teacher is useful, not for the students but for the
